## SHUK ORANI - MULTIMEDIA ARTIST

A multimedia artist based in Hamburg, Germany, Shuk Orani has shown his work in Germany and beyond, participating in exhibitions and art fairs throughout European Countries and China, where he was one of the most distinguished painters invited to the Contemporary Art Gallery in Beijing. Some of his first projects were realized on demand by luxury boutique hotels and various art studios. He also cooperated boundary transcending, realizing artworks for a theatre group.

Predominantly working with oil paintings on canvas, he has had a series of graphic and digital creations as well, which often give the viewer the impression of an intimate blink to continuous productivity, colourful as the large scale and perceptibly erotic.

Orani himself is inspired by positive surroundings and the creative capacity of the human. He believes deeply in art to benefit life with its moving, demanding and satisfying power. His playful manner gives birth to exciting creations, encompassing moods, atmospheres and an inner discourse involving the complex and the simple.
