ART INTERNATIONAL ZURICH 2027

TEXT

The 29th ART INTERNATIONAL ZURICH will take place from 21 to 23 May 2027 at the Puls 5 Foundry Hall, an industrial heritage site in Zurich. A wide range of contemporary works will be presented by international galleries and artists, including painting, sculpture, photography, digital art and large-scale installations. Through these works, they will link local narratives with global issues.

The fair focuses on intercultural dialogue, cultural identity, and the challenges of urban living environments. The programme will also feature projects exploring technological developments in art, participatory formats, and curated special presentations offering in-depth insights.

ART INTERNATIONAL ZURICH promotes direct exchange between exhibitors, collectors, curators and the public; creates spaces for encounters; raises the profile of emerging artists; and initiates practical discourse. As a forum for developing perspectives and creative inspiration, the fair provides a platform for fresh ideas and artistic innovation. Diversity, cultural openness, authenticity and personal engagement are central guiding principles.

Since its foundation in 1999, the fair has invigorated the Swiss art scene, made contemporary art more accessible and fostered networking within the national and international art markets.

PROGRAMME 2027

(tba)

This year, the ART INTERNATIONAL ZURICH 2027 art fair will bring together artistic perspectives from around the world, fostering a multifaceted dialogue between galleries and artists. This creates a space for global networking and cultural exchange.

By creating new perspectives beyond the European mainstream and fostering exchange between continents, generations and disciplines, the ART INTERNATIONAL ZURICH 2027 art fair underlines its ambition to be an international forum for contemporary art. The result is a diverse panorama that highlights global developments and broadens our view of the future. The fair provides an environment in which diverse cultural contexts enrich each other, promoting the full spectrum of contemporary art.
